- Android SDK, Jetpack (ViewModel, LiveData, StateFlow, Room, Navigation, DataStore)
- Jetpack Compose
- MVVM, MVI, Clean Architecture, modular design
- Coroutines, Flow

### Networking & Security

- RESTful APIs, Retrofit, OkHttp
- HTTPS, token-based authentication
- Android Keystore, encrypted storage
- Secure session and data handling

### Tools & DevOps

- Git (GitHub, GitLab)
- CI/CD pipelines
- Android Studio
- Firebase (Crashlytics, Analytics)

## **Supporting Skills**

- JavaScript, HTML, CSS, PHP
- SQL (MySQL, PostgreSQL)
- Figma (UI prototyping)

## **PROFESSIONAL EXPERIENCE**

---

### **Senior Android Developer & Sub-Leader, Mobile Department**

*KOSIGN [Korea Software Innovation Global Network]*

March 2020 - Present | Phnom Penh, Cambodia

- Led development of enterprise-level Android applications using Kotlin and modern architecture, ensuring scalability, security, and long-term maintainability.
- Served as Sub-Leader of the Mobile Department, coordinating task allocation and technical direction.
- Mentored junior developers and enforced clean architecture and coding standards.
- Introduced Jetpack Compose into production projects to modernize UI development.
- Collaborated with backend, QA, and product teams to deliver stable, scalable releases.
- Received “Best Rookie” award (Nov 2020).

### **International Assignment – Business Trip**

*비즈플레이 - Bizplay (KOSIGN - South Korea Division)*

October 2022 - August 2023 | Busan, South Korea

- Selected for a one-year assignment working with Korean fintech teams.
- Translated technical requirements into actionable tasks for the Cambodian mobile team.
- Ensured feature consistency across web and mobile platforms.
- Acted as the main liaison between Cambodian and Korean developers, QA, and managers.
- Supported feature planning, QA cycles, and production deployments.

### **Web Developer**

*PLAN-B Cambodia (BEONE)*

November 2018 - January 2019 | Phnom Penh, Cambodia

- Developed responsive web applications using custom CSS.
- Built backend features using PHP and SQL.

## **EDUCATION**

---

### **Bachelor of Science, Computer Science**

*Royal University of Phnom Penh*

January 2016 - November 2021

## **Advanced Software Development – Korea Software HRD Center (2019 – 2020)**

- Specialized in full-stack development with a focus on mobile application research and practical implementation.

## **Professional Development Courses**

*Cambodia-Korea Cooperation Center (CKCC)*

- App Development with JAVA (2018-2019)
- Web Application Development (2018)

## **LANGUAGES**

---

- Khmer (Native)
- English (Working Proficiency)
- Korean (Basic)
